
This book is a collection of popular thought-provoking articles on Islam. Many issues are covered, including beliefs, practices, self reform, education, women, and other contemporary issues. Distilling the wisdom of great scholars of Islam, these articles present Islam without apology. The articles, which were originally published in the "First Things First" column of Impact International, have been thoroughly revised and updated with insertion of Qur'an and Hadith text and references. They are now being presented for the first time in book format, ideal for reading and sharing with others. The book has been published in arrangement with the Jamiatul Ulama of South Africa.
